

Celebrity's Alaska

Gentle pampering meets jagged beauty

Tucked way up in the north, Alaska sits waiting to show us what grand living is really about. Unspoiled and vast, it's a great big haven with countless miles of untouched splendor, willing us to reconnect with the frontier spirit.

When you're used to streetlights, corner cafés and overnight dry cleaning, the jagged beauty of Alaska's glacial seacoast is startling. It's 24 hours of ever-changing, larger-than-life scenery — from calving glaciers to daylight dancing on the mountains at 11 o'clock at night. And the magnitude of the experience doesn't stop there.

In addition to expert-led onboard discussions of indigenous art, music, history, geography and wildlife, we also offer ways for you to immerse yourself in the spirit of Alaska by taking you to places no ship can go. Our Cruisetours bring Celebrity luxury and standards to land exploration. With itineraries that allow you to view this beautiful state from several perspectives, many Alaska Cruisetours also include the unforgettable Denali National Park. Its six million

acres boast pristine wilderness; North America's highest mountain, Mt. McKinley; and one of the largest wildlife habitats in the world. While Alaska Cruisetours provide the most complete picture of Alaska, you can also opt for specialized Cruisetours to either the majestic Canadian Rockies or British Columbia's premier resort town, Whistler.

Celebrity XpeditionsSM experiences give you yet another exciting way to explore Alaska. These once-in-a-lifetime opportunities in Alaska include Fire and Ice Vancouver Experience and a Wilderness Bear Trek.

Celebrity's goal during our journey to Alaska is to help bring context to what you'll see and experience. And because you'll be as comfortable as you can be, we know you'll enjoy each new adventure to its fullest, recharged and invigorated by gentle pampering from our Celebrity family. So, we'll keep exploring Alaska and finding new ways to share our discoveries with you. Welcome to Celebrity's Alaska.
